Leadership Conference for Educators on Minority Issues

June 11-14, 2019

Hollywood Hotel, Bay St. Louis, MS

“Accountable Leadership: Building Processes and Structures for Equitable Outcomes”

HOSTED BY

The Southern Minority Leadership Council and The Mississippi Department of Education

WHY THIS CONFERENCE IS SO IMPORTANT FOR EDUCATORS?

The genesis of this annual leadership conference for minority administrators began in the Mississippi Department of Education twenty-nine (29) years ago, and has expanded over the last nineteen (19) years to include 12 additional Southern states. The conference has grown in support, establishing partnering relationships with the IDRA EAC-South, Mississippi Institutions of Higher Learning, The Mississippi State Board for Community and Junior Colleges, Generation Ready and many other sponsors and supporters.

This conference is designed to provide professional development to administrators and aspiring administrators. It enhances skills needed to address issues such as bridging the educational divide, discipline, parental involvement, and Civil Rights as it relates to educational opportunities. In order to meet the needs of all students' federal/state requirements, educators must be equipped and prepared to serve as positive role models for minority and non-minority students.

Historically, this Conference has served as the nucleus for supporting, maintaining and inspiring a cadre of educators who are committed to assisting with the education of all students. Service and excellence are our overall goals. We must recruit, educate, and train all educators, to guarantee that there will be a representative number of proficient and conscientious educators participating in the educational arena.
